PHYSICAL DEMANDS:

The physical demands described are representative of those that must be met by all personnel to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with qualifying disabilities to perform the essential functions. While performing the duties of this job, personnel are frequently required to stand, sit, walk, talk, hear, use hands to finger, handle or operate objects, tools or controls, and reach with hands and arms. Personnel are frequently required to climb or balance, stoop, kneel, crouch, crawl, and smell. Personnel must be able to frequently lift and/or move up to 50 pounds and occasionally lift and/or move up to 150 pounds. Specific vision abilities required by this job include close, distance, color, and peripheral vision, depth perception, and the ability to adjust focus.

WORK ENVIRONMENT:

The work environment characteristics described here are representative of those personnel encounter while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. Work is performed in an office, vehicle or outdoor setting in all weather conditions, including temperature extremes. Work is often performed in emergency and stressful situations. Personnel are exposed to sirens and hazards associated with fighting fires and rendering emergency medical assistance, including infectious substances, smoke, noxious odors, fumes, chemicals, liquid chemicals, solvents and oils. Personnel occasionally work near moving mechanical parts and in high, precarious places and are occasionally exposed to wet and/or humid conditions,

fumes or airborne particles, toxic or caustic chemicals, radiation, risk of electrical shock and vibration. The noise level in the work environment is usually moderate, except during certain firefighting or EMS activities when noise levels may be loud.
